# ABOUT US

With an aspiration to usher excellence in architectural beauty and world-class standards in Aluminium and Glass Designs and installations in the Middle East region, the company titled TENTEN Aluminium and Glass Works was incepted and founded in the year 2018.

Headquartered in the United Arab Emirates with a dedicated mission to serve the Middle East region and overseas, Tenten team follows Government-approved safety norms and operates with a highly-equipped modern facility area.

The Head office and factory are located in the Jurf Industrial Zone of Ajman. Spread over 3800 sqft of land, efficient measures are followed during the purpose of manufacturing of facilities. Tenten team is world-class and highly respected for their skill-sets. The company is ably led and managed by qualified and experienced professionals who excel in the field of Aluminium Fabrication and Construction cum installation. The team is actively engaged and directly involved in ensuring projects move in the right direction and gets completed as per scheduled deadlines.

Every client always benefits from Tenten team's vast experience, prompt assistance and relevant guidance. Their hands-on approach always exceeds the set expectations due to high quality of standards in service, innovation and methodology .

As a trusted full-service manufacturer and installation expert in Architectural Aluminium and Glass products, Tenten team extends standardized services of building design, engineering, shop drawings, fabrication and installation. Indeed, Tenten Aluminium and Glass Works offers a wide array of reliable services.

Some of the services include installation of Curtain Walls, Skylights, Doors and Windows, Partitions, Frameless and Spider System and Architectural Cladding and much more. Tenten Aluminium and Glass Works is a name to reckon with across the UAE market and overseas too. The entire Tenten team is committed to UAE's strategic expansion plans in the construction industry with high skill levels, experience and commitment.

Tenten Aluminium and Glass Works organisation believes that communication is key to success. It ensures consistent and transparent dialogue with local authorities by communicating about the HSE policies, high work standards and awareness programs.

## VISION

We genuinely care for you. We are trust worthy, future ready and widely preferred for providing the highest quality standards of products, services and aftersales management solutions. Our consumer-friendly formats always exceed customer expectations.

## MISSION

TENTEN team strives to remain realistic, relevant and robust. We re-invent and adapt to new situations. We strive to progress and focus to excel. We command a leadership position in this competitive market place. We bring dignity to skilled workmanship and mutually build long-lasting bonds of trust and truly value our esteemed clients.

# QMS POLICY

TENTEN Aluminium and Glass Works was established in 2018 to provide installation and fabrication services predominantly in the domain of aluminium and glass. Quality is important to our business because we value our customers and aim to achieve this by implementing a management system that complies with the international standard of good practice BS EN ISO 9001.

We follow the procedure as mentioned here:

- ♦ Regular gathering and monitoring of customer feedback
- ♦ Selection and performance monitoring of suppliers against set criteria
- ♦ Training and development for our employees
- ♦ Regular audit of internal processes
- ♦ Measurable quality objectives which reflect our business aims
- ♦ Management reviews of audit results, customer feedback and complaints.
- ♦ Our internal procedures are reviewed regularly and are held in a Quality Manual which is made available to all employees .

A blue ink signature, likely of the Managing Director, written in a cursive style.

Managing Director

# HSE POLICY

A key objective is to ensure zero Incidents throughout the organization. Tenten has the following priorities and prerequisites in conducting its business:

- ♦ The safety of own and subcontractor staffs during working operations.
- ♦ Minimizing environmental impacts associated with its activities.
- ♦ Maintain a consistent and transparent dialogue with authorities, local realities and other stakeholders, openly communicating our HSE policies, standards, programs and performance.
- ♦ Promote awareness of issues relating to Health, Safety and Environment towards our employees and contractors, improving their individual skills through appropriate training programs and information.
- ♦ Set HSE performance objectives, measure results, assess and continually improve processes, through the use of an effective management system.
- ♦ Monitor the health of personnel to ensure that workers have the physical ability to perform their duties.
- ♦ Keeping the authorities and the public informed.
- ♦ Compliance with applicable legislation.
